Records, the way they should be sold.

Medium Format is an independent record shop in Jakarta. The name is a wink at film photography — medium format, the larger frame that captures more — and a nod to the formats we trade in: the LP, the 12-inch, the 7-inch, the CD.

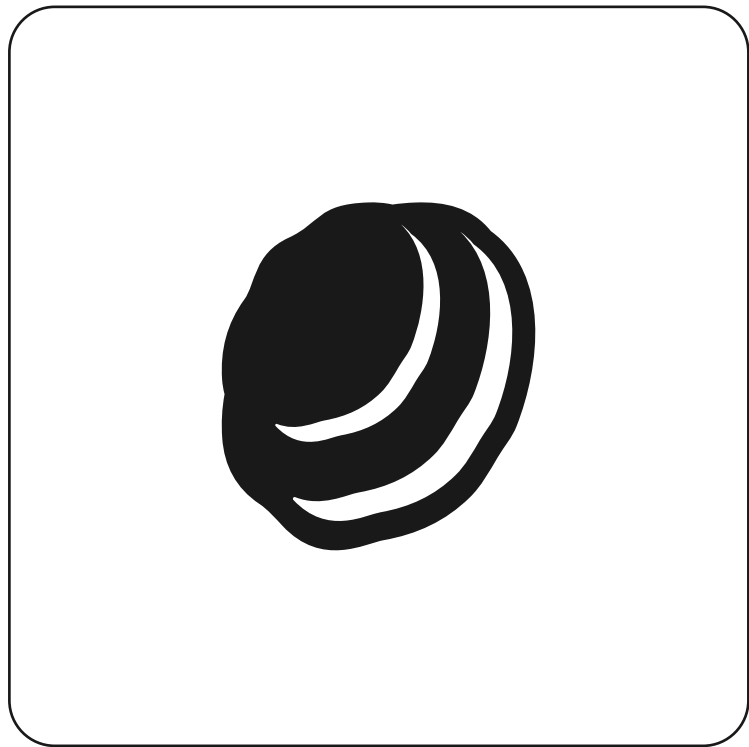

We dig for the good stuff and sell it across every counter that matters — the shop floor, the online store, and the marketplaces our customers already live on. Behind it sits one platform that keeps stock, orders, and music in sync so the crate-digging never stops for paperwork. Taste over hype. A shop run by people who actually listen. The identity is hand-drawn and a little psychedelic on purpose — it should feel like a record sleeve, not a spreadsheet. This document keeps that feeling consistent everywhere the name appears.

PLO MANとともにカルト的な人気を誇るベルリンACTING PRESSの中心的な一人。Xali'p名義やPLO MANとのCC Not、HASUMAN DEEJAYも加わったGlobex、INTe*raなどでリリースするC3D-Eのソロリリース。生粋のアナログなマシンサウンド。厚みのボトム、ベースライン、アブストラクトでダビーな空間性。(サイトウ)
